AFFAMATI DI LUCE

Esiste una relazione stretta tra luce e cibo.

Quel bisogno incontrollato, quella voglia intensa di degustare un cocktail, un gelato, una leccornìa zuccherosa o del sano alimento non rispondono solo ad una necessità primaria: in ciò si cela anche un'oggettiva aspirazione di benessere.

Quando optiamo per una lampada, non lo facciamo soltanto per soddisfare l'esigenza di una luce funzionale, tecnicamente calibrata al fine della valorizzazione degli spazi.

Si manifesta, in quel frangente, anche il desiderio di un "nutrimento" emotivo che appaghi, di suggestioni, situazioni, emozioni…

È qualcosa che attiene alla sfera psichica e sensoriale.

Un aspetto al quale Karman presta da sempre molta attenzione e, quest'anno, ha deciso di celebrare il connubio luce – cibo dedicando ad esso una serie di immagini introduttive delle nuove collezioni 2025.

HUNGRY FOR LIGHT

There is a deep connection between light and food.

That uncontrollable urge, that intense craving to savor a cocktail, an ice cream, a sugary delicacy, or a wholesome meal is not merely a response to a primary need–it also reveals a genuine aspiration for well-being.

When we choose a lamp, we do not do so solely to meet the need for functional lighting, technically calibrated to enhance spaces.

In that moment, there also emerges a desire for emotional "nourishment," one that gratifies through atmospheres, sensations, and emotions…

It is something that belongs to the psychological and sensory realm.

This is an aspect to which Karman has always paid great attention, and this year, the brand has chosen to celebrate the fusion of light and food by dedicating a series of introductory images to it in the presentation of the new 2025 collections.

ALIBAGLASS

design **matteo ugolini**

Alìbabà, lampada iconica per Karman, viene rivisitata dal designer Matteo Ugolini in vetro borosilicato, che ne esalta le trasparenze e i riflessi e proposta in suggestive cromie quali trasparente, bronzo, rosa, turchese e cromo lucido. Ideale per spazi privati e progetti contract, Alibaglass rappresenta un perfetto equilibrio tra tradizione e modernità, fondendo estetica e funzionalità.

Alìbabà, an iconic lamp for Karman, has been reimagined by designer Matteo Ugolini in borosilicate glass, enhancing its transparency and reflections. It is available in captivating colors such as transparent, smoky, pink, turquoise, and nickel plated. Ideal for private spaces and contract projects, Alibaglass represents a perfect balance between tradition and modernity, blending aesthetics and functionality.

PAPIRIA

design **edmondo testaguzza**

PAPIRIA è la lampada da tavolo ricaricabile disegnata da Edmondo Testaguzza per Karman.
Un design sobrio, lineare e raffinato per questa lampada estremamente pratica e funzionale.
Linee morbide per un piccolo gioiello realizzato interamente in alluminio (tranne il piattello di base, in ferro laccato).
PAPIRIA ha un ingombro minimo che ne permette l'utilizzo anche quando lo spazio è molto ridotto.
Attraverso un sistema magnetico, può essere ancorata saldamente su qualsiasi supporto metallico.
In alternativa, può essere fissata ad un piattello metallico, in dotazione (occultabile, all'occorrenza, sotto il tovagliato).
Il controllo touch consente l'on/off della lampada, la regolazione della temperatura di colore più idonea della luce (2500, 3000, 4000 Kelvin) e la sua dimmerazione.
Disponibile in quattro colori goffrati: white, dark brown, salvia green ed ocra red.
"È una presenza dalla quale non vorrei mai separarmi. La sua luce bella accompagna il mio tempo e lo rende speciale".

PAPIRIA is the rechargeable table lamp designed by Edmondo Testaguzza for Karman.
A sleek, linear, and refined design characterizes this highly practical and functional lamp. Its soft lines make it a small gem crafted entirely in aluminum (except for the base plate, which is made of lacquered iron).
PAPIRIA's compact size allows it to be used even in very limited spaces. Thanks to a magnetic system, it can be securely anchored to any metallic surface. Alternatively, it can be fixed to a metal plate included in the package (which can be discreetly hidden under a tablecloth if needed).
The touch control enables the lamp's on/off function, adjustment of the most suitable light color temperature (2500, 3000, 4000 Kelvin), and dimming.
Available in four embossed colors: white, dark brown, sage green, and ocher red.
"It's a companion I would never want to part with. Its beautiful light accompanies my time and makes it special."

BLANCO

design **matteo ugolini**

Ricordo uno stormo di gabbiani che vola sulla bianca salina. Un raggio di sole sulle lenzuola candide di un letto disfatto. Un mare di conchiglie e una distesa di sabbia. Blanco è una good vibe immersa nei bianchi.

I remember a flock of seagulls soaring over the white salt flats. A ray of sunlight on the crisp white sheets of an unmade bed. A sea of shells and an endless stretch of sand. Blanco is a good vibe embraced by shades of white.

FLÓ

design **edmondo testaguzza**

Fló, come un sasso di fiume,
levigato dall'acqua e dal vento.
Tanto vicino alle cose da sfiorarle appena.
Inatteso come la sua luce.
Segno del tempo inafferrabile.
La sua anima.

Fló, like a river stone,
smoothed by water and wind.
So close to things, barely touching them.
Unexpected, like its light.
A sign of elusive time.
Its soul.

MINUIT

design **matteo ugolini & edmondo testaguzza**

Poi venne l'estate
e quando si fece sera
l'aria s'illuminò dei nostri racconti.
Le stelle ascoltavano, in silenzio
e ci parve di poter volare.
Lontano

Then came the summer,
and when evening fell,
the air lit up with our stories.
The stars listened in silence,
and it seemed we could fly.
Far away.

ASSO

design **bellucci mazzoni**

La lampada Asso è un equilibrio perfetto tra forma e funzione, un gioco di luci che trasforma gli spazi e li rende unici.
Un disco sospeso che sembra fluttuare, una presenza discreta ma incisiva. Asso è il punto d'incontro tra luce diffusa e illuminazione mirata, tra estetica essenziale e sofisticata tecnologia. Perfetta per la tavola, lo studio o il living, porta con sé un'atmosfera avvolgente e una luce che valorizza ogni momento.
Asso non è solo un oggetto d'arredo, è un segno grafico nello spazio, una parentesi luminosa che fa la differenza.
Asso è la luce che accompagna i tuoi momenti più belli, con discrezione ed eleganza.

The Asso lamp is a perfect balance between form and function, a play of lights that transforms spaces and makes them unique.
A suspended disc that seems to float, a discreet yet impactful presence. Asso is the meeting point between diffuse light and targeted illumination, between essential aesthetics and sophisticated technology. Perfect for the table, study, or living room, it brings with it an enveloping atmosphere and light that enhances every moment.
Asso is not just a piece of furniture; it is a graphic mark in space, a luminous parenthesis that makes a difference.
Asso is the light that accompanies your most beautiful moments, with discretion and elegance.

IKONIKA

design **edmondo testaguzza & matteo ugolini**

È la collezione dei destini incrociati.
Con questa collaborazione, i due designers hanno voluto suggellare un pluriennale sodalizio creativo.
Una comunanza di pensiero in perfetta sintonia con gli intenti Karman di questi anni.
Ikonika registra, in termini figurativi, come la volontà di giungere a geometrie leggerissime composte possa essere interpretata in modo tanto semplice quanto sostanzialmente efficace.
La lampada a sospensione è composta da un bouquet di leggere aste metalliche che dipartono da un medesimo anello per poi percorrere strade diverse e divenire due corpi distinti di un unicum.
La piantana, nella sua pura essenza espressiva, suggella l'unione virtuosa tra elementi simili contrapposti che si liberano in aria in una vibrante tenzone.
Poesia pura.

This is the collection of intertwined destinies. Through this collaboration, the two designers sought to seal a long-standing creative partnership, a shared vision perfectly aligned with Karman's intentions in recent years.
Ikonika figuratively demonstrates how the desire to achieve composed, ultra-light ensembles can be interpreted in a manner both simple and fundamentally effective.
The suspension lamp consists of a bouquet of light metal rods emanating from a single ring, then diverging to become two distinct bodies of a unified whole.
The floor lamp, in its pure expressive essence, seals the virtuous union between similar opposing elements that soar into the air in a vibrant contest.
Pure poetry.

RAINBOW

design **pio & tito toso**

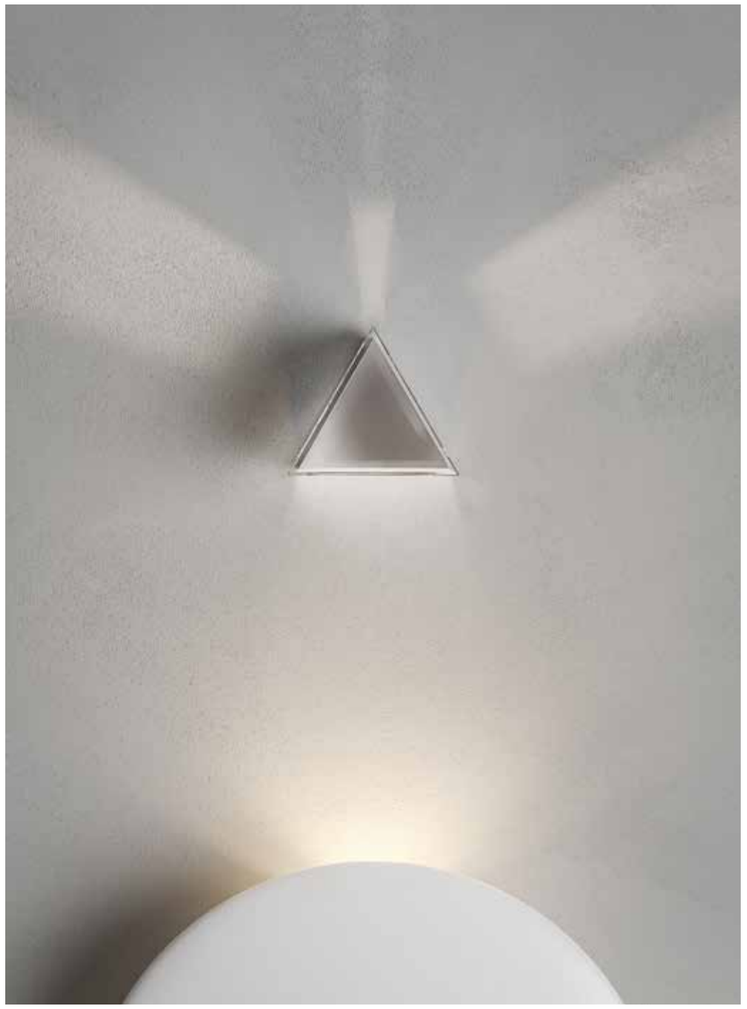

Rainbow gioca con la luce e lo spazio. Nasce dalla ricerca sulla fisica della rifrazione della luce e dagli interessanti effetti luminosi e cromatici creati da questo fenomeno. Con il progetto Rainbow è possibile modulare i riflessi, la luce e l'ombra per arricchire l'ambiente nel quale viene inserito. Rainbow grazie ai prismi di rifrazione emette fasci di luce che si diffondono in varie direzioni, creando pattern dinamici su pareti, soffitti e pavimenti in grado di abbellire e caratterizzare lo spazio circostante. L'effetto finale dipende dalla disposizione della lampada e dall'angolo in cui viene posizionato il prisma rispetto la sorgente luminosa. Ogni lampada è unica, irripetibile e diventa così non solo una fonte di luce, ma un elemento decorativo che arricchisce visivamente l'ambiente, trasformandolo in un luogo in cui la luce stessa diventa un'opera d'arte.

Rainbow plays with light and space. It is born from research on the physics of light refraction and the fascinating luminous and chromatic effects created by this phenomenon.
With the Rainbow project, it is possible to modulate reflections, light, and shadow to enrich the environment in which it is placed. Thanks to the refraction prisms, Rainbow emits beams of light that spread in various directions, creating dynamic patterns on walls, ceilings, and floors, able to beautify and characterize the surrounding space.
The final effect depends on the arrangement of the lamp and the angle at which the prism is positioned relative to the light source. Each lamp is unique, unrepeatable, and thus becomes not just a source of light, but a decorative element that visually enriches the environment, transforming it into a place where light itself becomes a work of art.

SAHARA

Questa collezione di lampade, dai connotati inequivocabili, appartiene allo storico di Karman.
Presentata inizialmente nella finitura bianco lucido e verde intenso lucido, ha subìto un restyling a conferirle un'immagine aggiornata e dinamica, ampliandone in tal modo le possibilità d'utilizzo.
Come è accaduto per la collezione Gangster, alla finitura bianco lucido vengono affiancati il grigio opaco ed il verde salvia.
Una nuova veste, dunque, per una collezione che mantiene inalterata la raffinata freschezza del tratto, capace di evocare contesti tipicamente mediterranei.

This lamp collection, with its unmistakable features, belongs to Karman's history.
Initially presented in glossy white and glossy intense green finish, it underwent a restyling to give it an updated and dynamic image, thus expanding its possibilities of use.
As it happened with the Gangster collection, matt gray and sage green are now added to the glossy white finish.
A new look, therefore, for a collection that maintains the refined freshness of its design, capable of evoking typically Mediterranean settings.

TRILUNA

design **debonademeo**

Gli evocativi e mutevoli volumi delle fasi lunari sono fonte di ispirazione della famiglia di sospensioni modulari "Triluna" a firma Debonademeo.
La sfera e le sue derivazioni in leggero alluminio bianco celano all'interno la fonte luminosa, che diffonde nell'ambiente soffuse e poetiche sfumature.

The expressive and dynamic shapes of the moon's phases are the inspiration for the collection of modular ceiling lights, "Triluna", by Debonademeo.
The sphere and its branches in lightweight white aluminum, conceal the light source inside, diffusing soft, poetic shades throughout the room.

WOW!

Wow!

design **matteo ugolini**

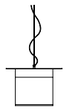

Vuole essere la provocazione, lo stupore, la sorpresa, l'invito ad uscire ogni tanto dagli schemi in un 'clic' di luce.

It is supposed to be the provocation, wonder, surprise and a friendly invitation to step out of a frame of mind just in a 'click' of light (when you turn it on).

WOW!

NOTREDAME

design **debonademeo**

Evocare il fascino della luce naturale che si irradia attraverso i rosoni delle cattedrali gotiche... In Notredame convivono presente e futuro, forma e luce: la veste poetica nasconde un'anima tecnologica risvegliando emozioni antichissime.

Recall the main appeal of natural light spreading out through rose windows of Gothic cathedrals... In Notredame present and future coexist, as well as form and lighting: its poetical appearance hides a technological soul stirs very old emotions.

Cell

design **matteo ugolini**

Oltre duemila anni fa in Cina prendevano il volo le prime lanterne nel cielo. Cell ne ricalca la struttura e lo spirito, serrando l'aria con un sottile filo metallico.

Over two thousand years ago in China, the very first lanterns took to the sky. Cell emulates their structure and their spirit, tying the air tight with a thin metal wire.

CELL

STANT

Stant

design **edmondo testaguzza**

Barre portanti richiamano strutture ingegneristiche del passato.
Strutture modulari elettrificate permettono l'inserimento di corpi illuminanti in quantità e disposizione libera, senza l'utilizzo di cavi elettrici di alimentazione.
Massima libertà espressiva.

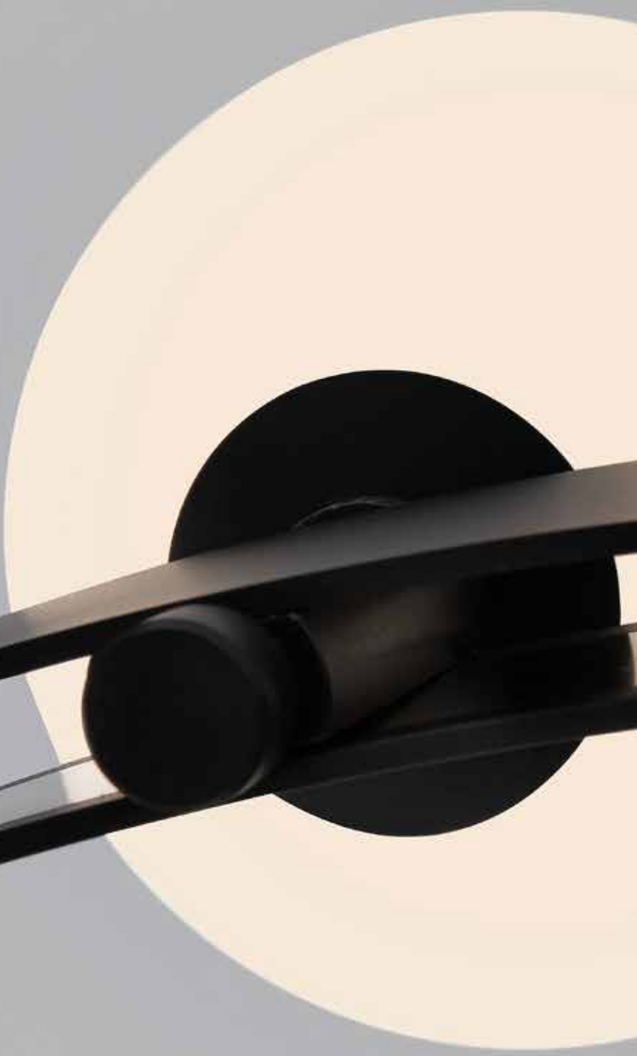

Support beams mimics industrial structures of the past.
Modular electronic constructions make way for illuminated components, which can be freely installed and arranged,
Allowing for maximum freedom of expression.

TURN IT
design
rocco este

Un elemento continuo, singolo o modulare, orizzontale o verticale.
La struttura a sospensione è modulare e componibile secondo varie combinazioni grazie a giunti angolari e lineari, oltre la possibilità di inserire faretti dal basso, grazie a un sistema a scorrimento, all'interno del profilo.
Con più elementi di Turn It si possono creare innumerevoli configurazioni per ogni esigenza progettuale.

A continuous, single or modular, horizontal or vertical element.
The suspension structure is modular and can be composed according to different combinations, with angle or linear joints. Also, floodlights can be added, through a sliding system inside the profile.
Different Turn It elements can be combined to create endless combinations, for any interior design project.

ABACHINA

design **edmondo testaguzza**

Piccole sfere di vetro soffiato, ancorate alla struttura metallica a parallelepipedo, rimandano ad un'attività ludica e allo scorrere delle palline sul pallottoliere.

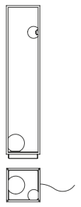

Little spheres of blown glass, secured to a rectangular metal frame, a reference to games, reminiscent of beads sliding along an abacus.

design **matteo ugolini**

Un caldo pomeriggio di mezza estate, Sassocorvaro uno dei tanti magici borghi italiani e il suo fiume. Risveglio di rumori, profumi, grida felici e di quelle spensierate giornate passate con gli amici a giocare tra lo scorrere dell'acqua e quelle buffe e tanto decorative piante acquatiche.

A warm mid-summer afternoon in Sassocorvaro – one of the many magical Italian villages – and its river. The awakening of sounds, scents, happy shouts and carefree days spent playing with friends, between the running water and those funny ornamental water plants.
